

List of Recent Talks [\[pdf\]](#)

2007

- 11.10.07: "Climate Change, Trends and Precipitation". On invitation of the London Office of Risk Management Solutions Ltd.
- 10.08.07: "Investigation of Climate-Change Impact on Agriculture; Application of the FAO Strategy to Cereals in Morocco". On invitation of Istituto di Biometeorologia di Concilio delle Ricerche Nazionale (IBIMET of CRN, Italia).
- 28.03.07: „Application of the Crop Monitoring Box to lowland-rice yield in Cambodia“. On invitation in the Ministry of Agriculture, Forestry and Fishery (MAFF), Cambodia.
- 26.03.07: „Application of the Crop Monitoring Box to lowland-rice yield in Cambodia“. On invitation in the FAO Representation in Cambodia.
- 23.03.07: „Application of the Crop Monitoring Box to lowland-rice yield in Laos PDR“. On invitation in the Department of Meteorology (DoM) of the Ministry of Agriculture and Forestry (MAF), Laos.
- 14.03.07 –
22.03.07 Intensive 6-day Agrometeorological Crop Monitoring and Forecasting Training in the Ministry of Agriculture and Forestry (MAF), Laos.
- 13.03.07: „Application of the Crop Monitoring Box to lowland-rice yield in Laos PDR“. On invitation in the Ministry of Agriculture and Forestry (MAF), Laos.
- 22.01.07 "Crop Forecasting Activity implemented in Cambodia and Laos – Results of the 3-month crop forecasting training". Talk within the project in FAO headquarters.

2006

- 21.12.06 "How does Agrometeorological Crop Forecasting work? – On the progress of the 3-month crop forecasting training in the Frame of the EC/FAO Food Security Project Information for Action". Talk within the project in FAO headquarters.

- 11.12.06 "From Climate Change to Crop-Yield Change". Informal FAO/Munich Re meeting in FAO headquarters.
- 24.10.06: "FAO AgroMetShell – Context and Perspectives", III CGMS Expert Meeting and GEOLAND Training Workshop (Arlon, 23 October – 25 October 2006)
- 23.06.06: "What drives global land precipitation variations?", on invitation of Prof. Schönwiese in his working group, University of Frankfurt, Germany.
- 03.04.06: „Hydroclimatic variations in Europe since 1951 as reflected by shifts of Köppen Climate types“, General Assembly of the European Geosciences Union, EGU, Vienna, Austria.
- 03.02.06: „Interpolation von Klimadaten“, Arbeitskreis Interpolation und GIS der Abteilung Klimaüberwachung des DWD, Offenbach, Germany.
- 09.01.06: „Extremniederschläge und Extremwertstatistik – Diskussion von Möglichkeiten und Grenzen.“ Research Seminar at University Frankfurt.
-

2005

- 7.12.05 "New 50-year precipitation climatology of GPCC", Data Management Workshop of European Climate Support Network (ECSN), De Bilt, The Netherlands.
- 29.10.05 "Analyse beobachteter globaler Niederschlagsfelder" Jahrestreffen des Arbeitskreises Klimatologie der Deutschen Geographischen Gesellschaft, Bochum.
- 22.7.05 "New LocClim, How does one determine the climate anywhere on Earth?", FAO Headquarters, Rome.
- 14.6.05 "Niederschläge, Extremniederschläge und globaler Wandel", German Meteorological Society, Hamburg.
- 20.4.05 „A New Monthly Precipitation Climatology for the Global Land Areas for the Period 1951 to 2000“ GPCP-Assessment Workshop in Bologna.
- 13.4.05 „Erstellung einer 50-jährigen Niederschlagsklimatologie“, Research Seminar at University Frankfurt.
- 24.2.05 „Statistical Modeling of Observed Tornado Intensity Distributions“ Tornado Workshop of German Meteorological Service, DWD, Langen.
-

2004

- 16.11.04 "Inhomogenität und Anisotropie der räumlichen Dekorrelationen von Niederschlagsdaten", Colloquium of the Meteorological Institute at University Vienna.
- 04.11.04 „Globally gridded precipitation observations from 1951 – 2000 for the estimation of precipitation trends”, GEWEX Water Cycle Trend workshop, Paris.
- 31.10.04 „Klimatologische Untersuchung weltweit beobachteter Tornado-Intensitätsverteilungen“. Jahrestreffen des Arbeitskreises Klimatologie der Deutschen Geographischen Gesellschaft, Eltville/Rhein.
- 30.10.04 "Einen neue globale Niederschlagsklimatologie – 1951 bis 2000" Jahrestreffen des Arbeitskreises Klimatologie der Deutschen Geographischen Gesellschaft, Eltville/Rhein.
- 08.09.04 „Statistische Modellierung weltweit beobachteter Tornado-Intensitätsverteilungen“. Deutsch-Österreichisch-Schweizerische Meteorologen-Tagung (DACH MT) - Karlsruhe.
- 02.08.04 „A new observed homogenous precipitation climatology“, Precipitation Assessment Workshop, University of Maryland.
- 23.06.04 "Wie viele Beobachtungsstationen werden für eine globale Klimatologie benötigt?", Research Seminar at University Frankfurt.
- 25.05.04 „A Tornado Climatology by Statistical Modeling of Observed Global Tornado Intensity Distributions“, International Meeting on Statistical Climatology, Capetown.
- 28.01.04 „Intensitätsverteilungen von Tornados“, Research Seminar at University Frankfurt.
